ORDER PROCEDURES

Our Signature line is our custom-design product. They are available in gold or silver tone. If you are ordering Signature level goods for the first time, this will require the manufacture of a die-set embossing tool. We use this to custom-create your clip.

Die - Set

For optimum quality, we use only HAND ENGRAVED die-set tooling. Our HAND ENGRAVED die-set offers the finest quality possible. The definition from this die-set exceeds that of a minted coin. The one-time cost for this die-set is $349. **If you order over 49,000 clips the die-set charge is FREE.** When die-set manufacture is required, it takes us **3 weeks** to ship goods from the time of payment and receipt of artwork. Once the die-set is made, we will store it at the factory for future reorders.

Art Work

If you have email capacity, you may email your art to us at **sales@paperclips.com** We also accept artwork on computer disk in EPS or TIFF format (Mac disk format preferred). If you do not have art on a computer disk, then please submit the **LARGEST** B&W camera ready you have. Ensure to send us **LARGE** art. It should be no smaller than 3 inches. We will reduce it to the right size.

Paper Layout for Approval

Once we receive your art, we will prepare an 8 x10 paper proof showing the art positioning on the clip. We will then fax it to you for approval before making the die-set.
